

Corona Virus Impacts HMFC
03/16/2020

To protect our community HMFC has postponed routine services. This service modification is due to recommendations from the Centers for Disease Control (CDC), Wyoming Department of Health and our local Public Health Department. Social distancing guidelines are expected to reduce the number of cases in our area. Please note the following:

- 1- The Healthy U class- Monday, March 16th is canceled. The library, our class location, is also closed.
- 2- The Building a Brighter Future Classes will be postponed until further notice.
- 3- Wednesday, Tia Chi classes will also be postponed until further notice. Class members are asked to contact Dawn Garrison with your contact information so she can call with rescheduling information (hmfccody@gmail.com).
- 4- The March 25th Board meeting and Fundraising Committee meeting will be set up as a Webex meeting online. The information will be sent to all members the Friday before the scheduled meeting.
- 5- HMFC Clinics are canceled. The Clinic nurse will be calling established patients needing medication refills to assist them. Currently, the Clinic is unable to see any new patients. Please note that HMFC does not have Corona Virus testing or treatments. If you suspect that you have been exposed or are showing symptoms contact Public Health (307-527-1870 in Cody or 307-754-1870 in Powell) for more information.
- 6- All community meetings will be rescheduled for a later date or held through Webex.

These changes are temporary, and we hope to return to our regular schedule as the situation stabilizes. We appreciate your support and patience with us as we navigate this nation-wide emergency.
